ORANJE VET

OranjeVet.com

Owners:

Doug & Jennifer Van Der Weide

This Corvette went through a full body restoration in 2000, the drive train and undercarriage did not. This car includes after-market Alpine CD/Stereo with remote, 6 x 9 rear speakers, all original glass, and BF Goodrich Radial T/A tires. A full appraisal was performed in 2007, and was found, to be numbers matching. Motor is a 350 with a Turbo 350 Trans. Interior is all original, but has some normal wear. Overall the interior is in great condition. Engine runs strong with no apparent noises. Recent work-Power Steering Rack, Brakes all around, Rear Axle U-Joint, A/C converted to R-134a, Undercarriage and engine bay are Not Detailed, but original to the vehicle. Oranje Vet was built on January 3, 1973. It is the last Stingray that has a rubber front bumper and chrome rear bumper used at the same time, and it was the last year for the small spoiler at the back of the car. It has T-Tops and was finished in #980 Orange, with #418 Dark Saddle interior. Oranje Vet was NOT named after the color of the car. For more details on how this classic car was given its name, to see more photos, and gain more details about this vehicle visit our website at... OranjeVet.com
